They do not indicate the actual quantity which will be ordered and shall not be construed to represent any amount which the District shall be obligated to purchase. 1.5.3 Bid Assessment: The RFP forms will be analyzed for integrity regarding brand names, pack sizes, grade specifications, etc. All questions that arise during this process will be forwarded to the appropriate contractor contact person. Each contractor is encouraged to provide separate line item pricing on any available products which meet the specification. The bid award will normally be made to the lowest responsible bidder upon completion of product verification and bottom line cost extension comparisons, provided the service and quality are considered to be comparable to that offered by other bidders, but the right is reserved to make the award to other than the lowest bidder when it is in the best interest of the District. The District will be the sole judge as to the conditions affecting such interest. The District reserves the right to check a sufficient number of references as a deciding factor. The District reserves the right to waive any and all formalities and irregularities and to reject any or all bids and add or delete item quantities. Should the RFP contain items that are not bid, the District reserves the right to negotiate with any vendor or award to another vendor.

1.5.4 Product Rejection: Any awarded product that subsequently does not conform to quality expectations may be dropped or changed. The District will provide 30 days advance written notice when and if this occurs. Each successful contractor will be given the opportunity to rebid an alternate item as appropriate.

SECTION 3: SPECIFICATIONS AND PRICING

3.0 Requirements

Requirements designated in this bid must be satisfied, or a functional equivalent bid submitted, which is acceptable to the District. Specific Brand (where noted) and/or manufacturer product numbers are given for purposes of identification and to denote the standard of quality desired and do not, in any way, restrict bidders to specific brands or manufacturers. In some cases a specific product may be noted as “Not Acceptable” based on previous use/sampling.

If there is any deviation in the pack, source, quality, etc. of an item requested, from that described in the specifications, the difference must be clearly indicated. The bidder must also be prepared to provide a sample if requested. If there is a deviation in the pack of an item, and all else appears to satisfy the

specifications as described, the District reserves the right, for evaluation purposes only, to reduce such a deviation to a common denominator, so that equal quantities are considered for all bidders.

3.1 Samples

Goodling Child Nutrition Reauthorization Act of 1998 requires schools and institutions participating in the NSLP and SBP in the contiguous United States to purchase, to the maximum extent practicable, domestic commodities or products for use in meals served under the programs. The legislation defines "domestic commodity or product" as one that is produced and processed in the United States, substantially using agricultural commodities that are produced in the United States. The report accompanying the legislations stipulated "substantially" means over 51 percent of the final processed product consists of agricultural commodities that were grown domestically.

SECTION 4: BILLING AND PAYMENT REQUIREMENTS

4.0 Invoices: Each invoice shall indicate food sub-total and non-food sub-total.

4.1 Payments: Payment shall be mailed after satisfactory performance of the contract, in accordance with all the provisions thereof, unless unusual circumstances exist. This will be no later than 20 days from the last day of the billing period.

SECTION 5: SPECIAL TERMS AND CONDITIONS

5.0 Food Laws and Inspection: All products specified herein shall be processed, packaged and delivered in accordance with regulation of the Montana Department of Health, US Department of Agriculture and requirements of the Federal Food, Drug and Cosmetic Act.

All fresh and refrigerated products shall be free from spoilage.

An authorized representative of the District shall have the right to inspect the premises, facilities, and processing methods for producing items covered by this contract

The contractor must utilize Hazard Analysis Critical Control Point (HACCP) principals and systems to insure that food is purchased, stored and distributed in a sanitary manner. The contractor HACCP plan must be provided upon request. The contractor is encouraged to provide food temperature documentation records upon request.

5.1.5 Upon Foodservice Director request, the contractors shall be able to provide historical data on the number of awarded bid items delivered as of a certain date. This information will primarily be used for estimating quantities on subsequent bids.

5.1.6 The successful contractors must provide a written statement on company letterhead stating that NO DELIVERY DRIVER who has been convicted of any offenses involving sexual molestation (or is currently under investigation) will be involved in the delivery of products to schools.

5.2 Non-Performance of Contract and Termination

Except as may be otherwise provided by this document, the awarded contract may be terminated in whole or in part by either party to the awarded contract in the event of failure by the other party to fulfill its obligations under the awarded contract through no fault of the terminating party; provided that no such termination may be implemented unless and until the other party is given:

A At least thirty (30) days written notice (delivered by certified mail, return receipt requested) of intent to terminate, and

B An opportunity for consultation with the terminating party, followed by a reasonable opportunity, of not more than ten (10) business days or such other reasonable amount of time as may be required under the circumstances, to rectify the defects in products or performance, prior to termination.
