

INTEGRITY

doing the right thing
because it's the right thing,
even if no one but me knows

- **Do my own work...**even if I get a wrong answer. A wrong answer just means I have a learning opportunity.
- **Do all my work...**even when I don't want to. Work is not always easy or even fun, but it makes playtime even sweeter when I work hard to earn it.
- **Do my work well...**even if it is hard. It helps me find that inner drive to do hard things because life is always going to have hard things to do.
